

The Leaves on the trees

(Tune: "The Wheels on the Bus")

The leaves on the trees turn orange and brown,
orange and brown, orange and brown.

The leaves on the trees turn orange and brown,
All through the town.

The leaves on the trees come swirling down,
swirling down, swirling down.

The leaves on the trees come swirling down.
All through the town.

The leaves on the ground go swish, swish, swish,
Swish, swish, swish, swish, swish, swish

The leaves on the ground go swish, swish, swish, swish,
All through the town.

Hedgehog Poem

A Hedgehog is very prickly
A Hedgehog is very prickly,
A Hedgehog is very prickly,
A Hedgehog is very prickly,
It couldn't be anything else.

Five Little Leaves

Five Little Leaves

So bright and happy

Were dancing about on a tree one day.

The Wind came blowing through the town.

WhoooooooWhoooooo

And one little leaf came tumbling down!

Four little leaves....

Etc.
